An Explanatory Memorandum
On the General Strategic Goal for the Group
In North America
5/22/1991

Contents:

- 1- An introduction in explanation
- 2- The Concept of Settlement
- 3- The Process of Settlement
- 4- Comprehensive Settlement Organizations

(4)

F- The stage of thinking about the overt Islamic Movement - the first phase.

G- The stage of openness to the other Islamic movements and attempting to reach a formula for dealing with them - the first phase.

H- The stage of reviving and establishing the Islamic organizations - the second phase.

We believe that the Group is embarking on this stage in its second phase as it has to open the door and enter as it did the first time.

4- Understanding the role of the Muslim Brother in North America:

The process of settlement is a "Civilization-Jihadist Process" with all the word means. The Ikhwan must understand that their work in America is a kind of grand Jihad in eliminating and destroying the Western civilization from within and "sabotaging" its miserable house by their hands and the hands of the believers so that it is eliminated and God's religion is made victorious over all other religions. Without this level of understanding, we are not up to this challenge and have not prepared ourselves for Jihad yet. It is a Muslim's destiny to perform Jihad and work wherever he is and wherever he lands until the final hour comes, and there is no escape from that destiny except for those who chose to slack. But, would the slackers and the Mujahedeen be equal.

5- Understanding that we cannot perform the settlement mission by ourselves or away from people:

A mission as significant and as huge as the settlement mission needs magnificent and exhausting efforts. With their capabilities, human, financial and scientific resources, the Ikhwan will not be able to carry out this mission alone or away from people and he who believes that is wrong, and God knows best. As for the role of the Ikhwan, it is the initiative, pioneering, leadership, raising the banner and pushing people in that direction. They are then to work to employ, direct and unify Muslims' efforts and powers for this process. In order to do that, we must possess a mastery of the art of "coalitions", the art of "absorption" and the principles of "cooperation".

6- The necessity of achieving a union and balanced gradual merger between private work and public work:

We believe that what was written about this subject is many and is enough. But, it needs a time and a practical frame so that what is needed is achieved in a gradual and a balanced way that is compatible with the process of settlement.
